COMORBIDITY OF CHRONIC PAIN AND MENTAL HEALTH DISORDERS: BREAKING THE CYCLE

14TH CONGRESS OF THE EUROPEAN PAIN FEDERATION EFIC®

24–26 APRIL 2025 | LYON, FRANCE

EFIC-CONGRESS.ORG

#EFIC2025

PROGRAMME AT A GLANCE
THURSDAY, APRIL 24, 2025

Plenary | Masterclass Course | Host Society | Topical Workshops | Debate Workshops | Demonstration Workshops | Posters | Society Partner Session | Networking and Orientation | Breaks | Guided Poster Walk | Poster Prize Session | Social events

	Auditorium Lumière (Level Lumière)	Forum 1 (Level Forum)	Forum 2 (Level Forum)	Rhône 3AB (Level Rhône Pasteur)	Saint-Claire 3AB (Level Saint-Claire)	Auditorium Pasteur (Level Rhône Pasteur)	Salon Pasteur (Level Rhône Pasteur)	Rhône 2 (Level Rhône Pasteur)	Rhône 1: Pathways Lab (Level Rhône	Foyer Rhône: ePoster Foyer (Level Rhône	Forum 4&5: Exhibition & Poster Area (Level
07:00											
08:00									Pain and Pastries: ECR - Orientation Session	Poster Prize Presentation Session I: Basic and Translational	
09:00	Pain Management in Early Life Experiences										
10:00	Early-Career Plenary: Coffee Break										
11:00	Too Much or too Little? An Overview of Opioid Epidemics in the World	Understanding and Addressing Health Inequalities in Pain Care: Strategies for Promoting Inclusivity and Mental	Painful Diabetic Polyneuropathy from Bench to Bedside: Novel Pathophysiological Mechanisms, Diagnostic	Clinical Masterclass: Multidisciplinary Approaches to Strengthen Self Management for	Pain in Human Foetuses and Children: Insights into How Early Life Pain is Experienced and Assessed	Exploring the Intersection of the Lived Experience of Depression and Chronic Pain	Revisiting the Reward System in Pain-Depression Comorbidity: The Role of Perceived Controllability and	Make it Happy:Multidisciplinary Datablitz on Chronic Pain Comorbidities and Sex Differences by Early			
12:00	Lunch Break										B. Basics In Pain
13:00											A1. Intersection of Lived Experiences: Depression & Chronic Pain
14:00	Interoception: Bridging Chronic Pain and Mental Health? Exploring New Insights and Intervention Opportunities	Debate: Work-Related Safety and Ergonomic Guidelines - A Barrier or Facilitator for Musculoskeletal Pain	Investigating Brain Networks Relevant to Emotional Pain Processing: Emphasis on Research in Special	Clinical Masterclass: Risk Factors for Developing Pain: Implications for Real-Life Clinical Practice.	Exploring the Shared Experience and Impact of Cancer-Related Pain	The Paradox of Non-Suicidal Self-Injury: Why Do People Cut Themselves - Because of or in Spite of Pain?	French Research Network: Advances in Pain Mechanisms and Therapeutic Approaches	Debate: Patient-Centered Management of Osteoarthritis-Related Pain - Recommendations from an International			
15:00	Coffee Break										
16:00	Chronic Pain and Substance Use Disorders: Co-Morbidities and Treatment Solutions	Motor Behaviour and Pain in Real Life Settings: Current Clinical and Research Advances	Spinal Cord Stimulation: Technological Innovations, Recent Clinical Evidence and Preclinical Data on	Clinical Masterclass: Best Practices for the Management of Acute Low Back Pain	Interdisciplinary Approaches to Prevent and Treat the Impact(s) of Psychological , Racism-Based, and Socio-	Cellular and Population-Level Coding of Temperature and Pain in the Rodent and Human Brain	CB1-Mediated Analgesia: Disambiguating Therapeutic Efficacy and Central Side Effects	Temporomandibular Disorders: Novel Insights on the Roles of the Brain, Sleep and Behaviors			
17:00											
18:00	The Concept of Mixed Pain: Should We Update Pain Taxonomy?	Translating Non-Invasive Neuromodulation into Clinical Practice in Chronic Pain (and Depression)	The Interplay between Pain and Mental Health Disturbances in Autism and Neurodevelopmental	Clinical Masterclass: Evaluation, Management, and Treatment of Pruritus	Improving Work Outcomes in Chronic Pain: Insights on Pain-Work Relationship and the Effects of Work-	The Intersection of Pain, Reward and Addiction: Preclinical and Clinical Insights into Opioid Motivation	French Touch: Crossed Views on Ocular Pain/Regards Croisés sur la Douleur Oculaire	Intrathecal Drug Delivery To Treat Refractory Pain			
19:00	Opening Ceremony										
20:00											
21:00											
22:00											
23:00

PROGRAMME AT A GLANCE
FRIDAY, APRIL 25, 2025

Plenary | Masterclass Course | Host Society | Topical Workshops | Debate Workshops | Demonstration Workshops | Posters | Society Partner Session | Networking and Orientation | Breaks | Guided Poster Walk | Poster Prize Session | Social events

	Auditorium Lumière (Level Lumière)	Forum 1 (Level Forum)	Forum 2 (Level Forum)	Rhône 3AB (Level Rhône Pasteur)	Saint-Claire 3AB (Level Saint-Claire)	Auditorium Pasteur (Level Rhône Pasteur)	Salon Pasteur (Level Rhône Pasteur)	Rhône 2 (Level Rhône Pasteur)	Rhône 1: Pathways Lab (Level Rhône	Foyer Rhône: ePoster Foyer (Level Rhône	Forum 4&5: Exhibition & Poster Area (Level
07:00											
08:00	EFIC Exams Diploma							Pain and Pastries: Integrating Research into your Clinical	Pain & Pastries: After your PhD: Perspectives in Industry and	Poster Prize Presentation Session II: Basic and Translational + Clinical	
09:00	Translation and Back- Brain Stimulation to										
10:00	Joint Plenary Lecture Coffee Break										
11:00	Revised Treatment Guidelines for Neuropathic Pain: Pharmacotherapy and Neuromodulation	Stress-Pain Interactions: Neurobiological Mechanisms and Clinical Implications	Debate: Can Digital Interventions Benefit People Living with Chronic Pain?	Clinical Masterclass: Preoperative and Post-Operative Opioids.	Connecting Emotions, Brain, and Body in Complex Regional Pain Syndrome as a Model for Pain Chronification after	Neuroimaging- and Neurophysiology-Based Predictive Models of Acute and Chronic Pain	Sleep and Pain - Clearing the Brain	Innovative Approaches to Pain Management in Rheumatoid Arthritis, Mapping Mechanisms to Treatments: Insights into			
12:00	Lunch Break										D. Pain Therapies
13:00											
14:00	Phenotyping Chronic How Side-Effects may										
15:00	Neuroimaging Chronic Coffee Break										
16:00	Psychological Phenotyping in Chronic Pain: Methodological and Clinical Implications	Extended Reality for Pain Management - Mechanisms of Action, Clinical Evidence and Implementation	Passive Transfer of Fibromyalgia Syndrome and CRPS - Towards Effective Symptom Relief	Nursing Masterclass: From Novice to Expert: Career Pathways for Pain Nurses across Europe.	Novel Psychological Mechanisms In Chronic Pain: A Focus on Stickiness, Expectation Change and Effort-Based	Why and How Clinical Neurophysiology Can Be Used to Evaluate and Stratify Patients with Chronic Pain. Towards	Improving Trust and Quality In Pain Research: Recommendations from three International Networks	Debate: Migraine: Are specific Physiotherapy Exercises needed or not?			
17:00	The Pain Catastrophizing Debate	The Complexity of Chronic Pain: How to Accept Uncertainty and Handle Multifaceted Datasets to Predict the	Adapting Pain Education across Cultures	Clinical Masterclass: Topiceuticals for Chronic Pain	Unraveling Itch Induction and Modulation: Bridging the Gap from Animals to Patients.	Pain and the Bayesian Brain: Insights from Computational Models of Placebo Hypoalgesia and the Effects of Agency on	French Touch: Round Table - On multidisciplinary pain management/De la Multidisciplinarité dans	Non-Invasive Peripheral Nerve Stimulation for Chronic Pain Management			
18:00											
19:00											
20:00											
21:00											
22:00											
23:00

PROGRAMME AT A GLANCE
SATURDAY, APRIL 26, 2025

Plenary | Masterclass Course | Host Society | Topical Workshops | Debate Workshops | Demonstration Workshops | Posters | Society Partner Session | Networking and Orientation | Breaks | Guided Poster Walk | Poster Prize Session | Social events

	Auditorium Lumière (Level Lumière)	Forum 1 (Level Forum)	Forum 2 (Level Forum)	Rhône 3AB (Level Rhône Pasteur)	Saint-Claire 3AB (Level Saint-Claire)	Auditorium Pasteur (Level Rhône Pasteur)	Salon Pasteur (Level Rhône Pasteur)	Rhône 2 (Level Rhône Pasteur)	Rhône 1: Pathways Lab (Level Rhône	Foyer Rhône: ePoster Foyer (Level Rhône	Forum 4&5: Exhibition & Poster Area (Level
07:00											
08:00								SIP Session: Pain and Mental Health: Can I have a Societal Impact?	Pain and Pastries: Funding and Publishing your Research	Poster Prize Presentation Session III: Clinical	
09:00	Plenary Debate: Nociplastic Pain										
10:00	Coffee Break										
11:00	A Sorrow Shared Is a Sorrow Halved: Novel Evidence on the Impact of Social Factors on Pain-Related Outcomes	Habituation and Sensitization to Noxious Stimuli: History, Mechanisms and Clinical Potential	Rethinking Pain and Obesity: Transforming Treatment Beyond 'Eat Less, Move More'	Research Masterclass: Use of Routinely Collected Data and Real-World Experiments in Pain Research	Receptor Channels: From Molecular Mechanisms to Therapeutic Targets for Treating Acute and	From Bench to Clinic: Three Novel Therapeutic Targets for Chronic Pain on the Path to Clinical Use	Chronic Pain and Comorbid Affective Disorders: Towards Mechanistic Understanding and	Lessons Learned from Three Data Harmonization Initiatives for Pain across the Lifespan			
12:00	Lunch Break										B. Basics in Pain
13:00											D1. Novel Pharmacological Targets For Chronic Pain
14:00	Bridging Mindsets and Biology: Innovative Approaches to Stress-Pain Interactions across the Lifespan	Integrating Technology-Based Therapies for Chronic Pain	The Interruptive Function of Pain and Its Cognitive Modulation, An Update of Fundamental and Clinical Research	Clinical Masterclass: Physical Activity and Multimorbidity – How to Bridge the Intention-Behavior Gap	Appraisals of Injustice in Chronic Pain – Mechanisms, Implications, and Associations with Mental	Nociceptive Mechanisms of Human Spine Pain	French Touch: A Brief History of Pain Management in France/Une Brève Histoire de la Médecine	Navigating Pain and Mental Health during War			
15:00	Coffee Break										
16:00	Understanding the Social Dimensions of Pain: From Research to Clinical Practice	Spine-Related Leg Pain (Sciatica): Unravelling Complexity Towards Personalised Care	Circuit, Cellular and Molecular Mechanisms of Neuromodulation-Induced Analgesia in the Cerebral Cortex	Clinical Masterclass: Self-Report Tools for Psychological Constructs	Central Disorders Leading to Secondary Chronic Pain: Dissecting Concepts and Mechanisms to Improve	Pain at the Interface: The Role Played by the Gut Microbiota and Mucosa in Shaping Abdominal Pain	Post-Trauma-Related Amputation Pain: The Challenges of Researching and Treating the Bio-Psycho-	ECR Rising Stars Session			
17:00								ECR Gathering and			
18:00	Psychedelics in Chronic Evidence-Based Analysis Neuroimmunity and
